Election Expenses

This cycle, all elections posters were printed in house and the student association were billed for the posters. This was done to fulfill a recommendation of the Chief Returning Officer from the Spring 2017 election and to ensure better transparency in the money spent on the campaign. Each candidate was also given a supply of approved tape so that there would be no issues surrounding the use of incorrect tape.

The following is the expenses of the candidates:

Director of Operations

Brenda Agyei	84.15
Kushagra Manchanda	156.15

Arts, Design and Information Technology Educational Centre Representative

Supitcha Thadi	16.05
Jeremy Worrall	64.10

The Chief Returning Officer agreed not to pursue Supitcha Thadi's expenses after she withdrew due to the circumstances of the election cycle.

October 12, 2017	Communications to the Executive Committee from the Chief Returning Officer regarding questions regarding the election
October 31, 2017	Communications to the Library regarding campaigning in the Library

The Chief Returning Officer published a voter's manual, candidate's manual and a comprehensive elections proceedings manual both of which contained key and vital information regarding how this election was ran, and both of which are left in the format of a digital file with the chair of the elections committee and the internal coordinator.

Unusual and unforeseen circumstances

To say that this election cycle had unusual and unforeseen circumstances is a great understatement. The election took place in the shadow of failed collective negotiations between the College Employers Council and the Ontario Public Service Employees Union (OPSEU), which led to a strike on October 16, 2017 that continued until *the Colleges of Applied Arts and Technology Labour Dispute Resolution Act (S.O. 2017, C.21)* received Royal Assent on November 19, 2017. To say that this created logistical issues for the election is an understatement. The Elections Services Department and the Elections Committee took seriously the prospect that a prolonged strike would affect voter turnout and membership participation, in addition to fatigue for the candidates.

The Elections Committee met formally and informally several times regarding the unusual and unforeseen circumstances regarding the strike. The strike caused major difficulties and election fatigue for both the candidates and elections officials.

The Chief Returning Officer and Deputy Returning Officer decided to limit their in office hours during the strike in order to ensure that the elections staffing budget was not stretched beyond the point at which the spring election would be effected. Due to this limitation of hours and the reduction in the number and days of in person voting we were able finish this election on budget.

By-laws and recommendations from the previous election cycle

In my previous report, I laid out 18 recommendations regarding how the elections at the Student Association should be administered.

During this election cycle:

- 11 of these recommendations were implemented;
- 4 of these recommendations had no operational impact;
- 1 of these recommendation the Chief Returning Officer decided not to pursuit; and
- 2 of these recommendation was not implemented.

Both of the recommendations that were not implemented, the Chief Returning Officer is of the opinion that there is no need to pursuit further, however those recommendations are still ideal for the organization to adopt.

The Chief Returning Officer worked with the Elections Committee to make recommendations regarding changes to the existing by-law and will make further recommendations in this report.
